

2025

# SILVERADO 9C1 PPV

Shown with equipment from independent suppliers  
not covered by the GM New Vehicle Limited Warranty  
GM is not responsible for the safety or quality of  
independent supplier alterations.

## About This Publication

This catalog is not updated during the model year and should not be used for ordering purposes. It is intended as a source of basic information. All illustrations and specifications in this literature are based on the latest product information available at the time of publication. General Motors reserves the right to make changes at any time without notice. For further details, consult your local dealer.

Care must be taken during customer installation of equipment and wiring to ensure that all holes drilled in the body are corrosion protected, properly sealed and that vehicle wiring harnesses, piping or other components have not been displaced or damaged. Aftermarket equipment installers must be mindful of applicable Federal Motor Vehicle Safety Standards. This information can be obtained directly from the National Highway Traffic Safety Administration. Adding non-dealer accessories or making modifications to the vehicle can affect vehicle performance, aerodynamics, and overall top speed. Please return all police vehicles to factory condition and settings upon decommissioning to prevent civilians from using these new 2025 calibrations, lighting and other features intended only for police and emergency customers. Wiring connection or splice changes are to be removed before the vehicle is returned to civilian use.

These vehicles are equipped with an airbag system. The airbag system in your police vehicle includes frontal driver and front outboard passenger airbags, front seat back side impact airbags and roof rail mounted head-curtain airbags. Customer installed equipment such as security barriers behind the front seats should not be mounted so that the barrier ends are within the side airbag deployment zones. The sensors and other components for the airbag system must not be relocated to accommodate the installation of customer furnished equipment; please refer to the service manual for sensor and other component locations. For information concerning instrument panel top pad mounted equipment and airbag system deployment zones, see the airbag information section in this catalog and the vehicle owners manual.

A note about vehicle alterations by independent suppliers: This catalog shows pictures of vehicles that have been altered or upfitted with equipment or components supplied to Chevrolet or its dealers by independent suppliers. GM is not responsible for the safety or quality of design features, materials or workmanship of any alterations by third parties.

Standard 7" diagonal touchscreen radio

## STANDARD UNIQUE 9C1 (PPV) HIGHLIGHTED FEATURES REQUIRES (PCV) CONVENIENCE PACKAGE.

AVAILABLE IN 1500 SERIES CREW CAB WITH SHORT BOX AND WT TRIM

- 5.3L V8 engine (L84) with 10-speed transmission and column shift (MI2)
- Heavy duty BREMBO® front brake calipers with 16" front rotors (J55)
- 2-speed transfer case (NQH)
- Off-road suspension (Z71)
- Locking rear differential (G80)
- Skid plates (NZZ)
- 20" x 9" Black painted steel wheels (PXT)
- 275/60 R-20 SL Goodyear all-terrain tires (QAE)
- Matching spare wheel and tire (RMW) with programmable tire pressure monitor
- Trailing package (Z82)
- Hill decent control (JHD)
- Automatic Stop/Start overridden (KL9) deleted
- High-capacity air filter (K47)
- 220-amp alternator (KW5)
- 120-volt, 3.33-amp, 400-watts bed mounted power outlet (KC9)
- 120-volt, 3.33-amp, 400-watts dash mounted power outlet (KI4)
- Cruise control (K34)
- Power Mirrors (DLF)
- Remote Keyless Entry (AQQ) with Push to Start
- Protected Idle
- Certified speedometer calibration (VZ2)
- Calibration with keyless remote panic button exterior and lights/horn disable (5J1)
- Calibration and surveillance mode interior and exterior lighting (5J3)
- Head and taillamp flasher system, DRL Compatible (6J7)
  - Calibration for taillamp flasher Red/White (5J9)
  - Calibration for taillamp flasher Red/Red (5LO)

## OPTIONAL UNIQUE 9C1 (PPV) FEATURES

- 2" Suspension Lift with monotube shocks (Z7X)
- Multi-Flex Tailgate (QK2)
- Trailer mirrors (DPO)
- Tinted rear windows (AK0) included with (PCV) WT Convenience Package
- Rear window defogger (C49) included with (PCV) WT Convenience Package
- Common Fleet Key (6E2) or (6E8)
- 4 additional keyless remote transmitters with internal pre-cut keys (AMF)
- Horn and Siren circuit (6J4)
- Grille lamps and siren speaker wiring provisions (6J3)
- Spotlights (LED) driver and passenger side (7X2)
- Spotlight (LED) driver side only (7X3)
- Spotlights (Halogen) driver and passenger side (7X7)
- Spotlight (Halogen) driver side only (7X6)
- Inoperative rear windows (6N5)
- Inside rear door handles and locks disabled (6N6)
- Front row 20% center seat delete (5Y1)
- Auto Door Locks disabled (BCV)
- Ship thru Kerr Industries (GEZ)
- Power Driver's Seat (A2X)
- Universal Vehicle Module for CAN readability of selected signals. (KGU)

The four-wheel drive, crew cab, short box Silverado (9C1) Police Package has been designed for police work up to, and including high-speed emergency vehicle operations. GM restricts the sale of police vehicles and they are not to be sold to retail customers. Model CK10543 (four-wheel drive) with equipment group WT, (Z71) Off-Road Package or (Z7X) Suspension Package and (PCV) WT Convenience Package are required when ordering 9C1 Police Package. Content, Options and Specifications shown are for the police version only which differ from retail civilian models.

**9C1 PPV Package includes:** Requires Crew Cab model, (Z82) Trailering Package, (L84) 5.3L EcoTec3 V8 engine, (QT5) EZ Lift power lock and release tailgate (PCV) WT Convenience Package. 5.3L EcoTec3 V8 engine, Heavy-duty police-rated suspension with unique StabiliTrak performance calibration, 2-speed transfer case with auto-locking differential and Hill Descent Control. Police specific Brembo front brakes utilize 6-piston fixed calipers on 410mm rotors (32mm thick), 1-piston sliding rear calipers on 345mm rotors (20mm thick). 275/60 R-20 SL Goodyear all-season Goodyear Trail Runner tires are mounted on 20" heavy-duty black steel wheels with bolt-on center caps and includes a matching full-size spare. skid plates, Surveillance Mode, keyless remote panic button exterior lights/horn disabled, certified speedometer, work truck steering wheel with re-purposed cruise cancel button to operate Protected Idle, High-capacity air filter, 220 amp alternator, headlamp and taillamp flasher calibrations, cruise control, 120-volt, 3.33-amp, 400-watts bedmounted power outlet. Deletes (KL9) automatic stop/start.

## STANDARD 9C1 INTERIOR FEATURES

<b>AIR CONDITIONING</b>	Single-zone with rear Heating/Cooling air vents.
<b>ASSIST HANDLES</b>	Front A-pillar mounted for driver and passenger, rear B-pillar mounted.
<b>AUDIO SYSTEM FEATURES<sup>1</sup></b>	Chevrolet Infotainment 3 system, 7" diagonal color touchscreen, AM/FM stereo, 6 speakers. Additional features for compatible phones include: Bluetooth <sup>2</sup> audio streaming for two active devices, voice command pass-through to phone, wired Apple CarPlay and Android Auto capable.
<b>BUCKLE TO DRIVE<sup>3</sup></b>	Buckle to Drive helps remind the driver to buckle up their seat belt before driving by preventing the vehicle from being shifted out of PARK temporarily when the driver's seat belt is not buckled. On some vehicles, the feature also reminds the front passenger to buckle up.
<b>CALIBRATION, KEYLESS REMOTE</b>	(5J1) Calibration to disable keyless remote panic button, exterior lights flashing and horn alarms.
<b>COMPASS</b>	Located in instrument cluster. Requires OnStar
<b>CONVENIENCE PACKAGE</b>	WT or WT Fleet Convenience Package. See OPTIONAL WORK TRUCK CONVENIENCE PACKAGES
<b>DOOR LOCKS</b>	Power
<b>DRIVER INFO. CENTER</b>	3.5 inch diagonal monochromatic display, provides warning messages and basic vehicle information
<b>FLOOR COVERING</b>	Front and Rear rubberized-vinyl floor mats available and included with optional color-keyed carpeting (B30).
<b>INSTRUMENTATION CLUSTER</b>	6-gauge cluster featuring speedometer, fuel level, engine temperature, tachometer, voltage and oil pressure
<b>LTE WI-FI® HOTSPOT<sup>4</sup></b>	Can connect up to 7 devices; includes data trial for 1 month or 3GB (whichever comes first) Service varies with conditions and location. Available Wi-Fi requires compatible mobile device, active OnStar service and data plan. Data plans provided by AT&T. Visit <a href="http://www.OnStar.com/BusinessSolutions">www.OnStar.com/BusinessSolutions</a> for details and system limitations.
<b>MIRROR</b>	Inside rearview manual tilt
<b>ONSTAR®<sup>5</sup></b>	Fleet orders of properly equipped vehicles receive a 3-month trial of Driver Remote Access Plan, 3 months of Safety & Security coverage, and 1 month or 3GB of data (whichever comes first) from vehicle delivery date. Certain services require working electrical system, cell reception and GPS signal. OnStar links to emergency services. Data plans offered by AT&T. See <a href="http://OnStar.com/BusinessSolutions">OnStar.com/BusinessSolutions</a> for details. Services subject to Terms and limitations and availability is subject to change.
<b>POWER OUTLET</b>	Instrument panel mounted. 120 volt, 3.33-amp, 400-watts shared with (KC9) bed mounted power outlet.
<b>PUSH BUTTON START</b>	Keyless Open and Start with two remote keyless entry transmitters.
<b>REAR VISION CAMERA<sup>3</sup></b>	When you're in Reverse, Rear Vision Camera shows you an image of the area directly behind your vehicle to help you park and avoid vehicles and objects. You can also select to show an overlay of where your vehicle is heading.
<b>RESTRAINT SYSTEM<sup>6</sup></b>	Seat belts at all designated seating positions with driver and front outboard passenger pretensioners. Airbags: Dual-stage frontal airbags for driver and front outboard passenger; includes front outboard Passenger Sensing System. Seat-mounted side-impact airbags for driver and front outboard passenger; Head Curtain airbags for front and rear outboard seating positions. NOTE: Nine inch seat belt extenders are available (part number 19259268) through our dealers at no charge.
<b>SEAT, FRONT</b>	40/20/40 Split Bench with arm rest storage and Vinyl trim. Driver and front passenger seat adjuster are 4-way manual (for cloth trim and power seat availability see seat availability page).
<b>SEAT, REAR</b>	60/40 folding bench (folds up), 3-passenger (includes child seat top tether anchor). Includes Rear seat Reminder. <sup>5</sup>
<b>SIRIUSXM DELETE</b>	Can be upgraded to (U2K) SiriusXM
<b>SURVEILLANCE MODE</b>	Calibration to disable interior & exterior automatic lighting. Feature is activated by adding wire connection to the BCM by customer/upfitter.
<b>STEERING COLUMN</b>	Tilt-Wheel, manual with wheel locking security feature
<b>TEEN DRIVER MODE<sup>3</sup></b>	Teen Driver helps encourage driving skills for teens by providing an in-vehicle report card. It also activates certain safety systems, if equipped, when a Teen Driver-designated key fob is used and mutes the radio until the front seat occupants fasten their seat belts.
<b>TEMPERATURE DISPLAY</b>	Exterior temperature display located in radio display
<b>THEFT DETERRENT SYSTEM</b>	Vehicle Immobilizer (prevents vehicle start without correct key or remote). Content Theft System not available. See your Owner's Manual for system information.
<b>TIRE PRESSURE MONITOR WITH TIRE FILL ALERT</b>	Tire Pressure Monitoring System. The standard spare wheel includes an unprogrammed tire pressure monitor. Includes Tire Fill Alert in addition to the DIC warning when a tire has low pressure. This feature provides audible and visual indication when air is being added to the low tire to aid in achieving optimal tire pressure.
<b>USB PORTS<sup>7</sup></b>	Two Charge/Data ports located on instrument panel
<b>WINDOWS</b>	Power front, drivers express up/down. Front passenger express down. Rear power express down.

1. Functionality varies by model. Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices. 2. Go to [ <https://my.CHEVROLET.com/learnAbout/bluetooth>] to find out which phones are compatible with the vehicle. Full Bluetooth feature functionality varies by device, model, and software version. 3. Safety or driver assistance features are not substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings, and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle's owner's manual for more important feature limitations and information. 4. Service varies with conditions and location. Requires active OnStar service and paid AT&T data plan. Visit [onstar.com](http://onstar.com) for details and limitations. 5. OnStar services require vehicle electrical system (including battery), wireless service and GPS satellite signals to be available and operating for features to function properly. OnStar acts as a link to existing emergency service providers. Subscription Service Agreement required. Call 1.888.4ONSTAR (1-888-466-7827) or visit [onstar.com](http://onstar.com) for OnStar Terms and Conditions, Privacy Policy, details and system limitations. 6. Always use seat belts and child restraints. Children are safer when properly secured in a rear seat in the appropriate child restraint. See the Owner's Manual for more information. 7. Not compatible with all devices.

## STANDARD 9C1 EXTERIOR FEATURES

<b>BUMPER FRONT</b>	Black (semi-gloss).
<b>BUMPER REAR</b>	Black (semi-gloss) with corner step.
<b>CARGO TIE DOWN</b>	12 fixed, Rated at 500 pounds per corner.
<b>CAPLESS FUEL FILL</b>	The vehicle has a capless refueling system and does not have a fuel cap. The filling nozzle must be fully inserted and latched prior to starting fuel flow. NOTE: Overfilling the fuel tank by more than three clicks of a standard fill nozzle may cause vehicle performance issue, including engine stalling and damage to the fuel system, fuel spills, potential fuel fires.
<b>DAYTIME RUNNING LAMPS</b>	Includes automatic exterior lamp control. Daytime running light delete option available.
<b>DOOR HANDLES</b>	Black
<b>FLASHERS</b>	Taillamp Flasher Calibration (5J9) flashes white (backup) and red (brake lamps) alternately when activated. Headlamp and taillamp Flasher System (6J7) DRL compatible with control wire. Head and Taillamp circuit for customer furnished switch and wiring.
<b>GLASS</b>	Solar absorbing, tinted.
<b>GRILLE</b>	Black bars with mesh inserts
<b>HEADLAMPS</b>	Halogen reflector with halogen Daytime Running Lamps and Automatic exterior lamp control. Altering headlamp assembly is not-Recommended. General Motors is not responsible for the effects of any modifications
<b>LAMPS</b>	Cargo area, cab mounted integrated with center high mount stop lamp, with switch in bank on left side of steering wheel (LED on Crew Cab models)
<b>MIRRORS, OUTSIDE</b>	Black, Manual
<b>POWER OUTLET</b>	Bed mounted. 120-volt, 3.33-amp, 400-watts, shared with (K14) instrument panel mounted power outlet.
<b>PICKUP BED</b>	Built from high-strength roll-formed steel for durability with 12 fixed corner tie downs and 120v outlet.
<b>RECOVERY HOOKS<sup>1</sup></b>	Front, frame-mounted.
<b>SUSPENSION</b>	Z71 Off-Road Package, includes (Z71) Off-Road suspension, (JHD) Hill Descent Control, (NZZ) skid plates and (K47) heavy-duty air filter. Requires Crew Cab, 4WD model, (L84) 5.3L EcoTec3 V8 engine, (Z82) Trailering Package and AT or MT tires. Includes Z71 hard badge, (G80) locking differential and (NQH) 2-speed transfer case.
<b>TAILGATE</b>	Gate function manual, no lift assist. Locking, utilizes same key as ignition and door. Includes Tailgate and bed rail protection cap.
<b>TAILLAMPS</b>	Incandescent tail, stop and reverse lights
<b>TIRES</b>	Track certified 275/60R20SL all-terrain, blackwall.
<b>TIRE, SPARE</b>	Spare tire is track certified, 275/60R20 all-terrain, blackwall includes unprogrammed tire pressure monitor.
<b>TIRE, SPARE CARRIER</b>	Keyed cylinder lock utilizes same key as ignition and door
<b>WHEELS</b>	20" x 9" (50.8 cm x 22.9 cm) Black painted steel

## STANDARD 9C1 MECHANICAL FEATURES

<b>AIR FILTER</b>	High capacity air filter (K47) included with 9C1 Pursuit Package.
<b>ALTERNATOR</b>	220 amp Charging System with Idle Boost increases alternator output at idle with increased electrical load. See Specifications page for Alternator Output Chart.
<b>BATTERY</b>	Heavy-duty 730 cold-cranking amps/80 Amp-hr, maintenance-free with rundown protection and retained accessory power
<b>ENGINE</b>	5 .3L EcoTec3 V8, (355 hp [265 kW] @ 5600 rpm, 383 lb-ft of torque [518 Nm] @ 4100 rpm)
<b>FRAME</b>	Fully-boxed, hydroformed front section
<b>FUEL TANK</b>	Approximately 24 gallons (91 liters)
<b>HILL DESCENT CONTROL</b>	Sets and maintains vehicle speed while driving down steep grades in forward or reverse.
<b>OIL COOLING</b>	External engine oil cooler and auxiliary transmission oil cooler
<b>RADIO SUPPRESSION</b>	The Silverado vehicle systems are designed to prevent unwanted emissions and to minimize susceptibility and maximize immunity to external emissions (Electromagnetic (EMI) or Radio Frequency (RFI) Interference). Most emergency vehicle communications equipment operating at frequencies in the VHF Band (30-300 MHz) and up to frequencies in the UHF Band (300 MHz-3GHz) will function as intended without enhanced noise suppression.
<b>REAR AXLE</b>	3.23 ratio with standard automatic locking differential (G80)
<b>SKID PLATES</b>	Additional underbody shields provided standard with 9C1.
<b>STABILITRAK</b>	Stability control system with Proactive Roll Avoidance and traction control includes electronic trailer sway control and hill start assist. For description see Stability Control and Traction Control section
<b>STEERING</b>	Electric Power Steering (EPS) assist, rack-and-pinion
<b>SUSPENSION, FRONT</b>	Independent, coil over shock, includes 35mm twin tube shock absorbers
<b>SUSPENSION, REAR</b>	2-Stage multi-leaf springs, semi-elliptic
<b>TRAILERING PACKAGE</b>	Includes trailer hitch, 7-pin and 4-pin connectors and (CTT) Hitch Guidance
<b>TRANSFER CASE</b>	Two-speed, electronic Autotrac with push button control.
<b>TRANSMISSION</b>	10-speed automatic electronically controlled with steering column mounted shift lever and overdrive and tow/haul mode. Includes Cruise Grade Braking and Powertrain Grade Braking.

<sup>1</sup> Front recovery hooks are for vehicle recovery only. To avoid the risk of injury, never use recovery hooks to tow a vehicle. Never pull on recovery hooks from the side. The hooks could break and you and others could be injured. When using recovery hooks, always pull the vehicle from the front.

## OPTIONAL WORK TRUCK CONVENIENCE PACKAGES

<b>PCV</b>	<b>WT CONVENIENCE PACKAGE</b> - Includes (AKO) tinted windows, (C49) rear window defogger, (K34) cruise control and (DLF) power mirrors upgradeable to (DPO) trailer mirrors.
------------	---

## OPTIONAL INTERIOR FEATURES

<b>UTQ</b>	<b>ALARM, HORN CONTENT THEFT DETERRENT, DISABLED</b> - Calibration disables the horn for the theft deterrent alarm.
<b>RIA</b>	<b>ALL WEATHER FLOOR LINER</b> - 1st and 2nd rows (includes Chevrolet Bowtie logo). Requires (B30) color-keyed carpeting.
<b>C49</b>	<b>DEFOGGER, REAR WINDOW</b> - Electric
<b>B30</b>	<b>FLOOR COVERING</b> - Color-keyed carpeting. Includes front and rear vinyl floor mats
<b>BCV</b>	<b>LOCK CONTROL REAR DOOR, AUTO DOOR LOCKS DISABLE</b> - Calibration disables auto door locks and is activated through radio or DIC settings.
<b>6N5</b>	<b>REAR DOOR WINDOW SWITCHES INOPERATIVE</b> - Calibration for rear windows to operate from drivers position only. Window lockout switch remains illuminated in all positions when equipped with this feature.
<b>6N6</b>	<b>REAR DOOR LOCKS AND HANDLES INOPERATIVE</b> - Rear power locks are inoperable at rear door but operate from drivers' position, rear doors can be opened only from outside the vehicle. Requires (GEZ) Kerr Industries Ship-thru to mechanically remove hardware linkage.
<b>UD5</b>	<b>FRONT AND REAR PARK ASSIST<sup>1</sup></b> - Front and Rear Park Assist provides alerts of nearby detected vehicles and objects in front of or behind your vehicle to help you park and avoid collisions.
<b>VBJ</b>	<b>REAR UNDERSEAT STORAGE</b> - Composite storage bin (see optional equipment section for illustration)
<b>AMF</b>	<b>REMOTE KEYLESS ENTRY PACKAGE</b> - Includes 4 additional transmitters. Keys will be cut but not programmed. Programming of keys is at customer's expense. Programming keys is not a warranty claim.
<b>5Y1</b>	<b>SEATS</b> - Driver and passenger front individual seats derived from 40-2--40 split bench seat with the 20% section removed. Also removes the USB port and aux. power outlet when (AZ3) bench seat is ordered. Does not include a floor console
<b>5T5</b>	<b>SEATS</b> - Front cloth and second row vinyl.
<b>A2X</b>	<b>SEAT ADJUSTER</b> - Driver 10-way power seat including lumbar. Requires (K14) 120-volt power outlet and (HOU) Jet Black interior.
<b>U2K</b>	<b>SIRIUSXM<sup>2</sup></b> - Platinum Plan Trial subscription.
<b>9L7</b>	<b>UPFITTER SWITCH KIT</b> - Provides three (3) 30amp and two (2) 20amp circuits to facilitate installation of aftermarket electrical accessories. Kit with all required parts will be shipped loose with the truck for installation by the dealer or upfitter. Installation instructions and technical assistance available at <a href="http://www.gmupfitter.com">www.gmupfitter.com</a> .
<b>6J4</b>	<b>WIRING</b> - Horn and siren circuit. Requires Kerr Industries ship thru (GEZ).
<b>6J3</b>	<b>WIRING</b> - Provisions for grille lamps and siren speakers. Requires Kerr Industries ship thru (GEZ).
<b>PQA</b>	<b>WT SAFETY PACKAGE</b> - (UD5) Front and Rear Park Assist <sup>1</sup> , (UKC) Lane Change Alert <sup>1</sup> with Side Blind Zone Alert <sup>1</sup> , (UFB) Rear Cross Traffic Alert- Braking <sup>1</sup> . Includes (V46) Chrome front bumper, (VJH) Chrome rear bumper (DP6) Black high gloss mirror caps (U12) Perimeter Lighting and (K14) 120-volt power outlet. Not available with (DPO) trailer mirrors or (ZW9) pickup bed delete.
<b>KGU</b>	<b>UNIVERSAL VEHICLE MODULE</b> - Includes module, customer interface harness and instructions. Provides vehicle data over an open CAN network (J1939). 10 switchable inputs/outputs and Custom Configuration Tool to integrate upfit equipment controls. Software features that support Auto Vehicle Start, Shutdown Inhibit, Fast Idle and Snow Plow.

## OPTIONAL EXTERIOR FEATURES

<b>VGO</b>	<b>ASSIST STEP</b> - Black work step, Included with (PDW) Assist Step and Tonneau Value Package. Not available with any other assist steps.
<b>VT2</b>	<b>ASSIST STEPS</b> - Black 6" tubular rectangular wheel-to-wheel. Short-Bed only. Not available with any other assist steps.
<b>RVS</b>	<b>ASSIST STEPS</b> - Black 4" round. Not available with any other assist steps.
<b>VZX</b>	<b>BEDLINER</b> Drop-in. Includes tailgate liner, (dealer-installed). Not available with (PCO) Bedside Utility Wall package or (ZW9) Pickup bed delete.
<b>CGN</b>	<b>BEDLINER, CHEVYTEC SPRAY-ON</b> - Black (does not include spray-on liner on tailgate due to Black composite inner panel). Not available with (ZW9) pickup bed delete. Available with Ship Thru codes (VBE), (VCO), (VDJ), (VDT), (VYC), (VYS) (V11), (TW3), (A6T), (VKZ) or (WEZ).
<b>PCO</b>	<b>BED UTILITY WALL PACKAGE</b> - Includes (RVY) Bedside Utility Wall Package, (5WI) Utility Wall Latch Kit, LPO and (SJS) Front Bed Utility Wall Package. Dealer installed. Requires Crew Cab Short Box. Not available with (VZX) Bedliner.
<b>V46</b>	<b>BUMPER FRONT</b> - Chrome. Requires (VJH) Chrome rear bumper and (E63) Durabed, pickup bed. Included with (PQA) WT Safety Package.
<b>VJH</b>	<b>BUMPER REAR</b> - Chrome. Requires (V46) Chrome front bumper. Included with (PQA) WT Safety Package.
<b>9G8</b>	<b>DAYTIME RUNNING LAMPS DELETE</b> - Daytime Running Lamps and automatic headlamp control delete, deletes standard Daytime Running Lamps and automatic headlamp control features from the vehicle for police stealth surveillance.
<b>9M4</b>	<b>DECAL AND NAME PLATE DELETE</b> - Tailgate. Deletes all nameplates and decals on the pickup box tailgate. Not available with SEO (8F2) ornamentation delete.
<b>9R1</b>	<b>DECAL DELETE</b> - Pickup box Deletes the "4x4" decal from the side of the pickup box. Requires 4WD models only. Not available with SEO (8F2) ornamentation delete
<b>AKO</b>	<b>GLASS</b> - Deep tinted

1. Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings, and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle's owner's manual for more important feature limitations and information. 2. The SiriusXM trial package is not provided on vehicles that are ordered for Fleet Daily Rental ("FDR") use. Trial subscription is subject to the SiriusXM Customer Agreement and privacy policy, visit [www.siriusxm.com](http://www.siriusxm.com) which includes full terms and how to cancel. All fees, content, features, and availability are subject to change.

## OPTIONAL EXTERIOR FEATURES

<b>6E2</b>	<b>KEY SINGLE</b> - Complete vehicle fleet. Provides a single key with a specific code that is common to the door locks and ignition of all the vehicles in the vehicle fleet. Key code is an alternate to SEO 6E8 complete vehicle fleet common key. Compatible with 2021 or newer Tahoe with option code 6E2. Requires (SAF) spare tire lock, (UTQ) Alarm, Horn Content Theft Deterrent, Disabled and Government type order.
<b>6E8</b>	<b>KEY SINGLE</b> - Complete vehicle fleet. Provides a single key with a specific code that is common to the door locks and ignition of all the vehicles in the vehicle fleet. Key code is an alternate to SEO 6E8 complete vehicle fleet common key. Compatible with 2021 or newer Tahoe with option code 6E8. Requires (SAF) spare tire lock, (UTQ) Alarm, Horn Content Theft Deterrent, Disabled and Government type order.
<b>5H1</b>	<b>KEY EQUIPMENT</b> - Two additional keys for single key system. Provides two additional spare keys for a total of (4). (Keys will be cut but not programmed). Programming of keys is at customer's expense. Programming keys is not a warranty claim.
<b>UF2</b>	<b>LED CARGO AREA LIGHTING</b> - Located in pickup bed, activated with switch on center switch bank or key fob
<b>VK3</b>	<b>LICENSE PLATE KIT</b> - Front (will be shipped to orders with ship-to states that require front license plate)
<b>DP6</b>	<b>MIRROR CAPS, PAINTED</b> - Body-color. High gloss Black Included and only available with (PQA) WT Safety Package.
<b>DPO</b>	<b>MIRROR OUTSIDE POWER ADJUSTABLE</b> - Adjustable vertical trailering with heated upper glass, lower convex mirrors, integrated turn signals, clearance lamps, and auxiliary lighting. Manual folding/extending.
<b>QK2</b>	<b>MULTI-FLEX TAILGATE</b> - Six function gate (Primary, easy access, load stop, full width step, inner gate load stop, inner gate work surface).
<b>8F2</b>	<b>ORNAMENTATION, DELETE</b> - Deletes decals and nameplates on truck exterior
<b>SFW</b>	<b>REAR BACKUP ALARM CALIBRATION</b> - This calibration will allow installation of an aftermarket back-up alarm by disabling rear perimeter lighting. Not available with SEO (8S3) backup alarm.
<b>8S3</b>	<b>REAR BACKUP ALARM 97 DECIBELS</b> - Not available with SEO (SFW) backup alarm.
<b>VQK</b>	<b>SPLASH GUARDS, MOLDED</b> - Black (see optional equipment section for illustration)
<b>7X2</b>	<b>SPOTLAMPS</b> - Left and right-hand pillar mounted, LED. Requires (GEZ) Kerr Industries ship thru.
<b>7X3</b>	<b>SPOTLAMP</b> - Left-hand pillar mounted, LED. Requires (GEZ) Kerr Industries ship thru.
<b>7X6</b>	<b>SPOTLAMP</b> - Left-hand pillar mounted, Halogen. Requires (GEZ) Kerr Industries ship thru.
<b>7X7</b>	<b>SPOTLAMPS</b> - Left and right-hand pillar mounted, Halogen. Requires (GEZ) Kerr Industries ship thru.
<b>Z7X</b>	<b>SUSPENSION</b> - Z71 Off-Road equipment with 2" lift. Includes monotube shocks, (JHD) Hill Descent Control, (NZZ) skid plates, (K47) heavy-duty air filter and Z71 hard badge.
<b>VPB</b>	<b>TONNEAU COVER, PREMIUM SOFT</b> - Roll-up. Not available with any other tonneau cover.
<b>5JY</b>	<b>TONNEAU COVER, SOFT</b> - Tonneau cover by Advantage. Not available with any other tonneau cover.
<b>VOZ</b>	<b>TONNEAU COVER, HARD</b> - Folding tonneau cover by REV. Not available with any other tonneau cover.
<b>SFE</b>	<b>WHEEL LOCKS</b> - Set of 4
<b>5Z4</b>	<b>WHEEL, SPARE</b> - Carrier and lock delete. Deletes the base spare wheel, carrier and lock. Does not delete jack or tools. Requires SEO (9L3) spare tire delete. Not available with (RC3). Tires, 265/70R17 all-terrain, blackwall.

## FRONT SEATS AND INTERIOR TRIM

### STANDARD FRONT ROW SEATING

**STANDARD (AZ3) - 40/20/40 SPLIT-BENCH IN VINYL TRIM** 3-passenger, driver and front passenger manual recline with outboard head restraints, fold-down armrest with storage and fixed lumbar. Driver and front seat passenger seat adjuster are 4-way manual. Cloth trim and (A2X) 10-way power driver seat including lumbar is available.

Seat Code	Seat Trim	Color	Color Code
AZ3	Vinyl	Jet Black	H2G
AZ3	Cloth	Jet Black	HOU

A2X Driver 10-way power seat including lumbar.

5Y1

### OPTIONAL FRONT ROW SEATING

**20% FRONT CENTER SEAT DELETE WITH CLOTH 40/40 INDIVIDUAL SEATS (AZ3 & OPTION 5Y1)** Driver and passenger front individual seats derived from a 40-20-40 split bench seat with the 20% section removed. Also removes the USB port and auxiliary power outlet when (AZ3) bench seat is ordered. Does not include a floor console. All exposed floor area will remain untrimmed. Requires (BG9) rubberized vinyl flooring.

Seat Code	Seat Trim	Color	Color Code
AZ3 & 5Y1	Cloth	Jet Black	HOU

- Front cloth and vinyl rear seat combination is available by ordering option 5T5 and requires Jet Black (HOU)
- Requires (BG9) Black rubberized vinyl floor covering

## REAR SEATS AND INTERIOR TRIM

### STANDARD SECOND ROW SEATING

**STANDARD - A68 VINYL REAR SEAT** Vinyl rear bench 60/40 split-folding seat.

Seat Code	Seat Trim	Color	Color Code
A68	Vinyl	Jet Black	H2G
A52	Cloth	Jet Black	HOU

\*Published dimensions indicated are at Base Curb Weight.

1. Based on 2025MY Michigan State Police Vehicle Test Results. All vehicles tested with clean roof and no additional equipment or added ballast. Adding non dealer accessories or making modifications to the vehicle can affect vehicle performance, aerodynamics, overall top speed and acceleration. 2. Cargo and load capacity limited by weight and distribution. 3. Gross Vehicle Weight Rating (GVWR). When properly equipped, includes vehicle, passengers, cargo and equipment. 4. Maximum Gross Combined Weight Rating (GCWR). When properly equipped; includes weight of the vehicle and trailering combination, including the weight of driver, passengers, fuel, optional equipment and cargo in the vehicle and trailer. 5. These maximum payload ratings are intended for comparison purposes only. Before you buy a vehicle or use it to haul people or cargo, carefully review the vehicle loading section of the Owner's Manual and check the carrying capacity of your specific vehicle on the label on the inside of the driver's door jamb. 6. Before you buy a vehicle or use it for trailering, carefully review the Trailering section of the Owner's Manual. The weight of passengers, cargo and options or accessories may reduce the amount you can tow. 7. Published dimension indicated is from ground and without optional equipment or accessories. Additional accessories or equipment ordered at the customer's request can result in a minor change in this dimension.

## EMISSIONS - MUST BE SPECIFIED

<b>FE9</b>	<b>Emissions</b> , Federal requirements
<b>YF5</b>	<b>Emissions</b> , California state requirements
<b>NE1</b>	<b>Emissions</b> , Connecticut, Delaware, Maine, Maryland, Massachusetts, New Jersey, New York, Oregon, Pennsylvania, Rhode Island, Vermont and Washington state requirements
<b>NB8</b>	<b>Emissions override</b> , California (allows a dealer in states that require California emissions - California, Connecticut, Delaware, Maryland, Massachusetts, New Jersey, New York, Oregon, Pennsylvania, Rhode Island or Washington - to order Federal emissions for a vehicle that will be registered in a state that has Federal emission requirements). Do not use for vehicles that will be registered in California, Connecticut, Delaware, Maryland, Massachusetts, New Jersey, New York, Oregon, Pennsylvania, Rhode Island or Washington. Requires (FE9) Federal emissions requirements. Not available in Maine or Vermont.
<b>NB9</b>	<b>Emissions override</b> , state-specific (for dealers ordering vehicles in (YF5) or (NE1) emission states - California, Connecticut, Delaware, Maine, Maryland, Massachusetts, New Jersey, New York, Oregon, Pennsylvania, Rhode Island, Vermont and Washington) Allows a California dealer (YF5 emissions) to order (NE1) emissions with (NB9) emissions override code for registration in (NE1) states; or, a Connecticut, Delaware, Maine, Massachusetts, New Jersey, New York, Oregon, Pennsylvania, Rhode Island, Vermont and Washington dealer (NE1 emissions) to order (YF5) emissions with (NB9) emissions override code for registration in California.
<b>NC7</b>	<b>Emissions override</b> , Federal (for vehicles ordered by dealers in Federal emission states with (YF5) or (NE1) emissions - Not required for vehicles being shipped to California, Connecticut, Delaware, Maine, Maryland, Massachusetts, New Jersey, New York, Oregon, Pennsylvania, Rhode Island, Vermont or Washington) Requires (YF5) California state emissions requirements or (NE1) Connecticut, Delaware, Maine, Massachusetts, New Jersey, New York, Pennsylvania, Rhode Island or Vermont state emission requirements.

NOTE: The 2025 Chevrolet Silverado Special Service Vehicle with the 5.3L Engine (L84) with Emission Option Codes:

FE9 NAME CERTIFICATION EMISSION, FEDERAL

NE1 NAME CERTIFICATION EMISSION, GEOGRAPHICALLY RESTRICTED

YF5 NAME CERTIFICATION EMISSION, CALIFORNIA is certified to EPA Tier 3 BIN 70 standards and qualifies as ULEV 70 (Ultra Low Emission Vehicle) under California Air Resources Board (CARB) requirements, meaning it is 50-state certified.

EPA engine family or test group: MGMXT05.3388

## TIRES

MANUFACTURER	QUANTITY	SIZE	SPEED RATING	TYPE
Firestone	5	275/55R20	S	All Terrain BW

## 2025 SILVERADO PPV SPEEDOMETER CERTIFICATION CALIBRATION

To Whom It May Concern:

The speedometer system in the 2025 model year and Silverado PPV is accurate to +/- 2mph in the temperature range of -23 to 49 °Celsius (-10 to 120 ° Fahrenheit) over the useful life of the vehicle. The speedometer system includes the vehicle integrated speed measurement system and indication of the vehicle speed on the speedometer.

GM specified vehicle maintenance is required to maintain the stated accuracy of the speedometer system. The accuracy of the speedometer system is dependent on and affected by the required vehicle maintenance including; following placard tire inflation pressure of 35 psi, monitoring tire wear as directed by the owner's manual, tire replacement with 275/55 R-20 Firestone tire size and manufacture, maintaining original OEM driveline ratios, maintaining original OEM electronic module calibration files and following vehicle loading limitations.

Regards,

Sean O'Shae  
Police Vehicle Program Engineering  
Manager

## APPROACH AND DEPARTURE ANGLES

**DIMENSIONS PPV SHORT BED WITH STANDARD SUSPENSION**

**Estimated material sizes to wrap:**

- Hood – 72" x 50"
- Front Doors – 50" x 36"
- Rear Doors – 45" x 37"
- Roof – 75" x 54"
- Tailgate – 69" x 26"

STANDARD SUSPENSION

OPTIONAL Z7X 2" SUSPENSION LIFT

# BODY, CAGE, UNDERBODY AND FRAME MATERIAL

## BODY

The 2025 Chevrolet Silverado is up to 450 pounds lighter than the previous model through the use of mixed materials. Featuring fixed steel body components and aluminum swing panels (doors, hood, tailgate) the body is up to 88 pounds lighter

## CAGE

The 2025 Chevrolet Silverado is 450 pounds lighter than the prior model due to the extensive use of mixed materials. The underlying safety cage features significant use of advanced high strength steels, each tailored for the specific application.

## UNDERBODY

The 2025 Chevrolet Silverado is up to 450 pounds lighter than the previous model due to extensive use of mixed materials.

## FRAME

The 2025 Chevrolet Silverado features a fully boxed steel frame that is 88 pounds lighter than its predecessor, while offering 10 percent greater torsional rigidity. Eighty percent of the frame is made of high-strength steel varying from 2 to 5 millimeters in thickness, and every millimeter is optimized for performance using a variety of processes, including hydroforming, roll forming, conventional stamping and tailor-rolled blanking.

# STANDARD FEATURES

## SURVEILLANCE FEATURE 5J3 MANUAL LAMP CONTROL 9G8

The headlamp control on the driver's side of the instrument panel operates the exterior lamps. If your Silverado does not have option 9G8, DELETE DAYTIME RUNNING LAMPS and AUTOMATIC HEADLAMPS, the Daytime Running Lamps and Automatic Headlamps can be turned OFF for one ignition cycle by rotating the headlamp control knob momentarily counter-clockwise. See your Silverado Owner's Manual.

**Surveillance Feature:** The Body Control Module (BCM) is calibrated to provide disabling of the exterior and interior automatic lighting. The BCM is located under the instrument panel to the left side of the steering column.

The Surveillance Feature can be activated by installing a terminated wire in cavity 20 of the BCM connector X3. When a customer-provided terminated wire, e.g., GM T/L 19370262, is installed in X3-20 and the wire is connected to vehicle ground via a customer switch, automatically controlled lighting is disabled or dimmed to Federally regulated level. BCM connector X3 is shown below.

Option SEO 9G8 - Delete Daytime Running Lamps and Automatic Headlamps. This option disables the Daytime Running Lamps and Automatic Headlamps control feature. Exterior lamps are only manually controlled (Option 9G8 is not available in Canada).

When the headlamp switch is in Auto with 9G8 installed, the instrument cluster, radio display and air conditioning illumination remains at daytime intensity and are dimmable only when the headlamp switch is rotated to the Parking Lamps or Headlamps positions. If SEO 9G8 is not installed, the displays are dimmable with the Headlamp switch in the AUTO position. The instrument cluster, radio and AC displays will dim if the Surveillance Feature is activated as described above.

Interior courtesy lamps, including dome lamps, can be turned OFF with a three-position switch located in the front overhead console. The interior lamp control positions are: OFF - DOOR - ON

When the switch is in the OFF position, all interior lighting remains off whenever the doors are opened.

**NOTE:** Wiring connection or splice changes are to be removed before the vehicle is returned to civilian use.

## PROTECTED IDLE

The Protected Idle Feature allows the vehicle to remain idling but will not allow the transmission to be shifted from Park without a valid key fob.

### ACTIVATING PROTECTED IDLE

#### **Preconditions (All preconditions must be met.)**

Vehicle is in PROPULSION (engine running) state

Vehicle is in Parked State

Vehicle speed is less than 4 kilometers per hour

Valid key fob is present.

#### **Activation**

Press and Hold the Cruise Cancel Switch for 2 seconds

#### **Vehicle Feedback.**

Upon activation of Protected Idle, the Digital Information

Center (DIC) will display the following:

*"Protected Idle ON"*

*"Park in Open Area"*

*"Take Your Key"*

If any of the above preconditions are not met while activating Protected Idle, DIC will display the message: *"Protected Idle Unavailable"*

### DEACTIVATING PROTECTED IDLE

Valid key fob is present

Press brake pedal and shift out of Park **OR**

Press and hold the Cruise Cancel Switch for 2 seconds **OR**

Press the Ignition Switch with the Brake Pedal pressed.

DIC messages will turn off, indicating Protected Idle is no longer activated.

### CONDITIONS UNDER WHICH THE PROTECTED IDLE WILL TURN OFF AND VEHICLE WILL TRANSITION TO OFF POWER MODE

Brake pedal pressed without a valid key fob present **OR**

Cruise Cancel Switch depressed without a valid key fob present **OR**

Ignition Switch pressed without a valid key fob present **OR**

With a valid key fob present, ignition switch is pressed and brake pedal is not pressed (the system treats this action as a customer request to turn OFF the vehicle.) **OR**

Engine stalls. Horn chirps occur. **OR**

Low fuel condition. Horn chirps occur.

### CONDITIONS UNDER WHICH THE PROTECTED IDLE WILL TURN OFF AND VEHICLE WILL TRANSITION TO RUN POWER MODE.

If the Shift Lock mechanism is defeated and shifted Out of Park while the Protected Idle is active, the vehicle will transition to the RUN power mode (the engine will be turned off) and Protected Idle will be deactivated and Horn chirps occur. DIC messages will turn off indicating Protected Idle is inactive.

**ALWAYS PROPERLY SUPERVISE A VEHICLE WHEN PEOPLE OR ANIMALS ARE INSIDE WHEN THE ENGINE IS IDLING.**

# STANDARD FEATURES

## REAR VISION CAMERA

1. View Displayed by the Camera in infotainment Screen
2. Corners of the Rear Bumper

Displayed images may be farther or closer than they appear. The area displayed is limited and objects that are close to either corner of the bumper or under the bumper do not display.

When the vehicle is in R (Reverse), at low speeds the RVC displays an image of the area behind the vehicle in the center stack display. The previous screen displays when the vehicle is shifted out of R (Reverse) after a short delay. To return to the previous screen sooner, press a button on the infotainment system, shift into P (Park), or reach a vehicle speed of 8 km/h (5 mph).

**NOTE: The Rear Vision Camera will not work properly if the tailgate is down. If the tailgate is down, do not use this system.**

Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle's owner's manual for more important feature limitations and information.

## TIRE PRESSURE MONITOR WITH TIRE FILL ALERT

The 2025 Chevy Silverado 9C1 is equipped with a Tire Pressure Monitor System (TPMS) that warns of low tire pressure. The 2025 Chevy Silverado has an optional full size spare (OOA) which includes an unprogrammed tire pressure sensor. Then the optional spare tire from your vehicle or another 2025 Chevy Silverado is placed in use as a road wheel, the TPMS will not read the presence of the new sensor until it is calibrated. Refer to your owner's manual for additional information about calibration of the TPMS. See also the Tire Fill Alert feature.

## SERVICE PARTS IDENTIFICATION LABEL

A Service Parts Identification (SPID) Label provides Vehicle Identification Number (VIN)-specific Option Code content list, Engineering Model Number (Nameplate, body style), Exterior paint system, Exterior paint color code and Interior trim level and color.

## NQH AUTOMATIC TRANSFER CASE

Active, 2-speed electronic Autotrac with rotary controls, includes neutral position for dingy towing. Use the transfer case knob next to the steering wheel to shift into and out of four-wheel drive.

# STANDARD FEATURES

## UNIVERSAL VEHICLE MODULE (UVM)

Provides CAN Readability of selected messages utilizing SAE J1939 formatting. This gateway module offers 10-switchable inputs and outputs, and includes a GUI (Graphical User Interface) SW available to customize the UVM to specific customer needs

### UVM Application Examples:

- Police upfits that require underhood electrical center momentary start up feature to control the HVAC climate system for K9 vehicles.
- Large Fleet customers that use telematic equipment (Geotab) to monitor mileage and idle CAN bus messages for vehicle maintenance/service schedules.

### 4 Preprogrammed Commanded Features (Specified Input Voltage Range)

- Automatic Vehicle Start
  - Input request commands underhood electrical center start up for up to 8 hours or low fuel condition
- Shut Down Inhibit
  - Input request prevents underhood electrical center shutdown
- Increased Engine Idle
  - Input request commands engine idle to fixed RPM value
- Snow-Plow Support
  - Input request commands deactivation of conflicting active safety features
  - Input request headlamps to full dim status

10 input/outputs configurable through GUI. Allows extensive customization of output activation criteria. Outputs are high side drive by default. Configurations can be read/write and stored for multiple vehicles. Various operating parameters available to read only. Downloadable software to configure the UVM from GM Upfitter.com

### UVM Application Examples:

- Police upfits that require underhood electrical center momentary start up feature to control the HVAC climate system for K9 vehicles.
- Large Fleet customers that use telematic equipment (Geotab) to monitor mileage and idle CAN bus messages for vehicle maintenance/service schedules.

## STANDARD FEATURES

## SPEED SENSOR

The vehicle speed signal is Auxiliary Fuse Block Wiring harness (X213A 14-way connector) Terminal (Pin) 10.

Connector is on the IP inboard of the ELM and BCM.

Service Terminal III **GM Service Part Number 12578907)**

Inserted into the 14-way connector pin 10

#### Connector Part Information

Harness Type: Auxiliary Fuse Block Wiring Harness

# STANDARD FEATURES

## RADIO MUTE FEATURE<sup>1</sup>

Radio Mute Feature  
Cavity 19CONNECTOR VIEWED  
FROM TERMINAL ENDK219 Lighting  
Control Module X4

The following customer device electrical specifications must be met to avoid damage to the vehicle Exterior Lighting Module (ELM) input circuitry: - No inductance allowed - Maximum Load Capacitance: 600 nano-farads. - Maximum Closed switch contact resistance: 20 ohms - Minimum Open switch contact resistance: 100,000 ohms. The Radio Mute feature function is provided to permit muting of the vehicle radio when an emergency vehicle 2 way radio is transmitting. It can be accessed by using the Crimped wire **GM Service Part Number 19370262** terminal connector. inserted into the ELM connector X4 pin 19. When that inserted wire is grounded, then the radio mute feature is activated.

5J9 5L0 6J7

## FRONT AND REAR FLASHERS<sup>1</sup>

K219 Lighting  
Control Module X4  
This harness connector  
can be found under the  
dash on far-left side.Tail Lamp Flasher RED/RED  
Cavity 12 (5L0)Tail Lamp Flasher RED/WHITE  
Cavity 13 (5J9)

Head Lamp Flasher Cavity 14 (6J7)

The stop lamps and backup lamps will flash to provide an alternating red/red (5L0) when connected to Cavity 12 or red/white (5J9) when connected to Cavity 13 (5J9)".

The rear lamps flashing mode is interrupted when ever the service brakes are applied.

The flashers are activated by a customer-provided switch ground connected at the ELM (Electronic Lamp Module)" connector X4 Cavity 12 (5L0) or Cavity 13 (5J9) and/or Cavity 14 (6J7). These can be accessed using the **GM Service Part Number 19370262** terminal connector. Before adding the terminated wire leads, remove the terminal lock from the connector.

## DRIVER DOOR AJAR<sup>1</sup>

CONNECTOR VIEWED  
FROM TERMINAL ENDLeft Front Door Ajar  
Switch Cavity 17

The driver door ajar signal can be used to determine when the driver door is ajar. The signal goes high (+12 volts) when the driver's door is opened. It can be accessed by using the crimped wire **GM Service Part Number 19370262** terminal connector. Inserted into the BCM connector X6 pin 17

## OUT OF PARK FEATURE<sup>1</sup>

CONNECTOR VIEWED  
FROM TERMINAL END

Out of Park Cavity 13

The out of park signal can be used to determine when the transmission gear selector is in park. The signal goes high (+12 volts) when the when shifted out of park. It can be accessed by using the crimped wire **GM Service Part Number 19370262** terminal connector. Inserted into the BCM connector X1 pin 13

1. Wiring connection or splice changes are to be removed before the vehicle is returned to civilian use.

# OPTIONAL FEATURES

**VBJ REAR UNDERSEAT STORAGE**

Composite storage bin

**VQK SPLASH GUARDS, MOLDED**

Black finish

GM PART  
19417361

**REAR UNDER SEAT COMBINATION LOCK BOX**

3,700 cubic inches of storage, 16-gauge steel construction, 3-digit combination with custom hook-cam. Marine-grade carpet lining with weather and dust seal. Pin-lock hinge design, no drilling required for installation.

## OPTIONAL FEATURES

### AMF

### PACKAGE OF FOUR UNPROGRAMMED KEYS/FOBS

An unlimited number of KEYS/FOBS can be learned for Keyless start and Keyless open, only the last 8 KEYS/FOBS learned will have the key fob buttons work for that vehicle. The programming procedure for SEO AMF KEYS/FOBS requires that one previously learned key fob be present in the vehicle.

One learned key fob is required for this procedure.

**NOTE:** If a previously learned key fob is not available, the programming of the new KEYS/FOBS must be performed by a dealer using the Service Programming System (SPS). Key fob programming is not a warranty item and programming is conducted by the customer or at a dealer at customer expense.

#### PROGRAMMING PROCEDURE:

1. Using the learned key fob, turn the ignition ON. The transmission selector must be in PARK.
2. Using the SELECT and other buttons on the right side of the steering wheel, open the Driver Information Center (DIC) Main Menu. Scroll down to Main Menu item OPTIONS with the lower steering wheel button and then SELECT. Scroll to REMOTE KEY RELEARN and Select START. The DIC will display LEARNING ACTIVE.
3. For vehicles equipped with AZ3 front row seating place the FOBs in the pocket inside the center seat console. For vehicle equipped with 5Y1 front row center 20% seat/console delete place the FOBs on top of the the SDM cover.
4. Press the start button to learn the key fob. The DIC will display "ready for Key #" where # is the next key fob to be learned.
5. Verify that key fob is learned by operating the door locks remotely.
6. Repeat Step 3 through 5 to learn the next key fob.
7. To exit key fob learning mode, press and hold the start button for approximately 15 seconds.

With AZ3 Center Seat Console

With 5Y1 No Center Seat

### 6E2

### FLEET KEY & REMOTE FOB

### 6E8

The fleet key fob feature allows the user to program a fob to be recognized by a particular vehicle for full remote functionality (Lock/Unlock and Remote Start if equipped). Use of this remote on other fleet keyed-a-like vehicles will be limited to unlocking the driver's door by pressing the exterior door handle button and starting the vehicle once inside. The remote lock/unlock and remote start (if equipped) buttons will not function unless the operator uses the Diver Information Center (DIC) to program the newly introduced fob. Note that a vehicle is only capable of recognizing the last 8 key fobs programmed for full remote capability. Adding a 9th remote fob will bump fob #1 remote functionality until it is reprogrammed through the DIC, adding remote #1 back into the DIC will bump fob #2 remote button functionality, etc. There are no limitations to the amount of fleet keys that will be recognized to access and start the vehicle. Programming a newly introduced fleet fob through the DIC is required to use the Protected Idle feature. Requires AMF..

1. Never pull on recovery hooks from the side. The hooks could break and you and others could be injured. When using recovery hooks, always pull the vehicle from the front.

## OPTIONAL FEATURES

QK2

### MULTI-FLEX TAILGATE

Six function gate (Primary, easy access, load stop, full width step, inner gate load stop, inner gate work surface)

## OPTIONAL FEATURES

ACCESSORIES

PART NO:19421491

## Short Bed Truck Bed Storage System By Decked - Associated Accessories

- Features smooth-rolling, secure drawers with customizable storage options that still allow use of the cargo area
- High-density polyethylene construction with treated steel subframe, aluminum and stainless steel hardware
- Custom fit requires no drilling or modification of the truck bed
- Durable weather-resistant design keeps cargo safe and secure from the elements
- 2,000-lb. top deck payload capacity preserves the full footprint of your cargo area
- 200-lb. payload capacity per drawer
- Includes 1 Desert Tan D-Box, 1 Desert Tan Crossbox, 2 Wide Drawer Dividers, 1 DRAWERGANIZER™ and mounting hardware

## OPTIONAL FEATURES

### Dealer Installed Drop-In Bedliner, (VZX)

Includes tailgate liner, (dealer-installed). Not available with (PCO) Bedside Utility Wall package.

### Dealer Installed Utility Wall Package (PCO)

Includes;

(RVY) Bedside Utility Wall Package

(5WI) Utility Wall Latch Kit

(SJS) Front Bed Utility Wall Package.

## STANDARD ELECTRICAL FEATURES

### SURVEILLANCE MODE – SEO 5J3

The Blazer EV Police and Special Service Package has a Body Control Module (BCM) calibration which disables all automatic exterior and interior lighting.

When activated, with the exterior lamp control in the auto position, the exterior and interior lighting will be disabled or dimmed to a minimum federally regulated level.

For detailed technical information on activation of this feature, refer to the vehicle technical guide under the Body Builder Manuals section on [www.gmupfitter.com](http://www.gmupfitter.com).

### RADIO MUTE FEATURE

A Radio Mute circuit (#10137) is provided to permit muting of the vehicle radio when an emergency vehicle radio is transmitting. It is the Gray/White blunt cut wire located between the front seats near the upfitter branch harness.

The following customer device electrical specifications must be met to avoid damage to the vehicle Exterior Lighting Module (ELM) input circuitry:

- No inductance allowed
- Maximum Load Capacitance: 600 nano-farads.
- Maximum Closed switch contact resistance: 20 ohms
- Minimum Open switch contact resistance: 100,000 ohms

### EXTERIOR LAMPS EMERGENCY FLASHING SYSTEM

Standard 6J7 provides headlamp high beam flashing and rear lamps flashing via the Exterior Lighting Module (ELM). The exterior lamps flashing is activated by customer switching of ground circuits in the upfitter harness located between the front seats (CONSOL) in the rear cargo area (CARGO).

Headlamp high beam flashing is activated via connection of upfitter circuit 8863 to ground via customer switching. The headlamps and high beam indicator will flash alternately at 3 flashes per second. Rear lamps flashing is chosen by the customer to flash either Red-White alternately (Brake lamps and Reverse Lamps, grounding upfitter circuit 8865) or Red-Red alternately (Left and Right Brake Lamps, grounding upfitter circuit 8864). The rear lamps flash rate is 3 per second. Depressing the Brake pedal will override the brake lamp flashing and placing the transmission in Reverse will override the reverse lamps flashing.

During daylight conditions, the Daytime Running Lamps (DRL) are automatically turned off whenever the Lamp Flashing System is activated. During night time conditions the low beam headlamps and tail lamps automatically turn on while the high beams flash. Turning on the high beam headlamps will override high beam flashing. If Option 9G8 is present the low beam head lamps and tail lamps must be manually activated. The Center Mounted Stop Lamp will operated only when the service brakes are applied.

#### NOTES:

- Wiring connection or splice changes are to be removed before the vehicle is returned to civilian use.
- For wiring diagram see Wiring Section

### PROTECTED IDLE

The Protected Idle Feature allows the vehicle to remain idling but will not allow the gear selector to be shifted from Park without a valid key fob.

#### ACTIVATING PROTECTED IDLE

##### **Preconditions (All preconditions must be met.)**

- Vehicle is in PROPULSION state
- Vehicle is in Parked State
- Vehicle speed is less than 4 kilometers per hour
- Valid key fob is present.

##### **Activation**

- Exit vehicle with key fob

##### **Vehicle Feedback.**

- Upon activation of Protected Idle, the Digital Information

Center (DIC) will display the following:

*“Protected Idle ON”*

*“Park in Open Area”*

*“Take Your Key”*

If any of the above preconditions are not met while activating Protected Idle, DIC will display the message: *“Protected Idle Unavailable”*

#### DEACTIVATING PROTECTED IDLE

Valid key fob is present

- Press brake pedal and shift out of Park OR
- Press the Ignition Switch with the Brake Pedal pressed.

DIC messages will turn off, indicating Protected Idle is no longer activated.

#### **CONDITIONS UNDER WHICH THE PROTECTED IDLE WILL TURN OFF AND VEHICLE WILL TRANSITION TO OFF POWER MODE**

- Brake pedal pressed without a valid key fob present **OR**
- Cruise Cancel Switch depressed without a valid key fob present **OR**
- Ignition Switch pressed without a valid key fob present **OR**
- With a valid key fob present, ignition switch is pressed and brake pedal is not pressed (the system treats this action as a customer request to turn OFF the vehicle.) **OR**
- Horn chirps occur. **OR**
- Low fuel condition. Horn chirps occur.

#### **CONDITIONS UNDER WHICH THE PROTECTED IDLE WILL TURN OFF AND VEHICLE WILL TRANSITION TO RUN POWER MODE.**

If the Shift Lock mechanism is defeated and shifted Out of Park while the Protected Idle is active, the vehicle will transition to the RUN power mode and Protected Idle will be deactivated and Horn chirps occur. DIC messages will turn off indicating Protected Idle is inactive.

**ALWAYS PROPERLY SUPERVISE A VEHICLE WHEN PEOPLE OR ANIMALS ARE INSIDE.**

6J3 GRILLE LAMPS AND SIREN SPEAKER WIRING PROVISIONS

6J3

GRILLE LAMPS AND SIREN  
SPEAKER WIRING LOCATION

- NOTES:
- Wiring connection or splice changes are to be removed before the vehicle is returned to civilian use.
  - For wiring diagram see Wiring Section

## 6J4 HORN AND SIREN CONTROL PROVISION

**6J4**

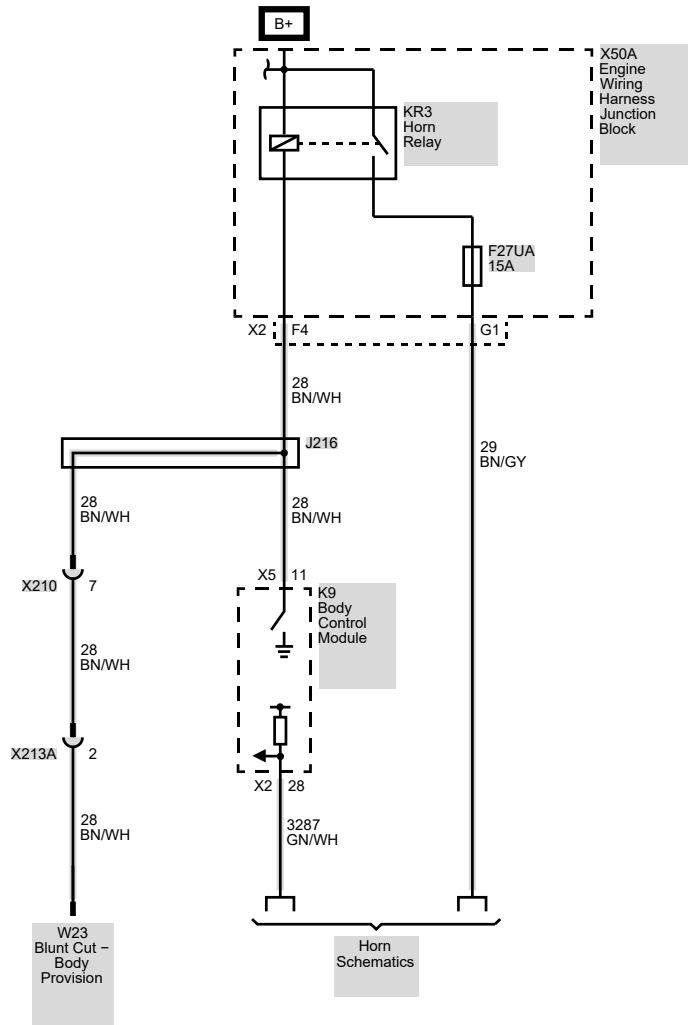

### GRILLE LAMPS AND HORN SIREN WIRING LOCATION

This provision permits customer connection of a switch to select either horn or siren operation when the horn pad is pressed. A 22-gauge (0.35 mm<sup>2</sup>) wire is connected to an in-line connector in the horn circuit of the instrument panel harness under the instrument panel. The end of this harness extension is a 5-foot (1.5 m) loop of wire coiled under the center of the instrument panel.

#### NOTES:

- Wiring connection or splice changes are to be removed before the vehicle is returned to civilian use.
- For wiring diagram see Wiring Section

Sitting too close to an airbag when it deploys can increase the risk of serious injury or death. Always properly wear your seat belt. See Owner's Manual for more information

## AIRBAGS FAQ

**Q: Can equipment such as radar devices, video cameras, and radio trees be mounted in a specialty vehicle equipped with a right front passenger frontal airbag?**

A: Yes, but care must be taken to properly mount the equipment outside of the airbag "deployment zone."

**Q: What is the airbag "deployment zone"?**

A: The term "deployment zone" describes the space an airbag takes up when fully inflated. Airbags need room to work properly, and anything in the "deployment zone" – such as improperly mounted equipment – can greatly affect the performance of the airbag.

**Q: How can I identify the airbag "deployment zone" in my vehicle?**

A: See Airbag Deployment Diagrams for more information. The diagrams provide the approximate dimensions of the "deployment zones" for your specialty vehicle. Before doing any service work, including the installation of any equipment, consult the appropriate service manual.

**Q: Is it possible to shield equipment so it does not interfere with airbag deployment?**

A: While shielding may protect certain equipment from being damaged or dislodged, it may also negatively affect how an airbag inflates. Therefore, we do not recommend the placement of any equipment in the deployment zone, even if shielded.

**Q: Can the installation of push bumpers on the front end of the vehicle affect the deployment of the airbag?**

A: It is not likely that installing push bumpers will affect deployment for the airbag as long as the vehicle structure itself is not modified. GM is not aware of any adverse defects effect on the deployment of the front airbags due to use of many aftermarket push bumpers installed on current GM police vehicles

See "Adding Equipment to the Airbag-Equipped Vehicle" in the owner manual for more information.

### Customer-Installed Equipment

Before installing equipment, read the following.

Airbags inflate with great force, faster than the blink of an eye. No objects, such as shotguns, should be placed over or near the airbag covers. Equipment mounted too close to an inflating airbag could prevent the airbag from operating properly to protect the occupants or could be forced into an occupant or break and become a dangerous projectile, causing severe injury or even death. To help prevent injury and to allow the airbag to perform as it was designed, do not mount equipment inside the airbag deployment zones.

Do not attach anything to the steering wheel hub or mount any equipment within the deployment zone for the driver airbag.

Do not mount equipment on the passenger side of the instrument panel top pad deployment zone. Equipment should not be mounted on or around the passenger airbag opening because of a deploying airbag. To allow the airbag to perform as it was designed, do not mount equipment inside the airbag deployment zone.

Do not mount a security barrier such that the ends of the barrier or brackets are within the roof-rail airbag deployment zones.

Avoid installing wiring for roof-rail emergency lighting or radio antennas that may restrict the proper deployment of the roof-rail airbags.

GM approved service procedures must be followed to remove and reinstall the instrument panel to the pad to ensure proper airbag deployment.

The police vehicle has a rollover sensor mounted on the centerline of the vehicle between the driver and front outboard passenger positions. If the vehicle has individual front seats, the rollover sensor will be exposed. Do not mount equipment within 25 mm (1 in) of the rollover sensor. This may affect the performance of multiple restraint systems.

Always use seat belts and the correct restraint for your child's age and size, even with airbags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal airbag. See the Owner's Manual and the child safety seat instructions for more safety information.

## ONSTAR

**POU<sup>1</sup> ONSTAR ADDITIONAL 9 MONTHS OF ONSTAR FLEET SAFETY AND SECURITY.** Provides up to 9 months of Fleet Safety and Security service in addition to the 3 months of complimentary coverage that is included in the price of the eligible vehicle. Total OnStar Fleet Safety and Security service duration is up to 12 months. Active subscription required. Service availability, features and functionality vary by vehicle, device and the plan you are enrolled in. Terms apply. See [onstar.com](https://onstar.com) for details and limitations. Not available with POJ, POK, POL, POQ, PIR, PIS, PIT, PIU or R7Z

**POJ<sup>1</sup> ONSTAR ADDITIONAL 21 MONTHS OF ONSTAR FLEET SAFETY AND SECURITY.** Provides up to 21 months of Fleet Safety and Security service in addition to the 3 months of complimentary coverage that is included in the price of the eligible vehicle. Total OnStar Fleet Safety and Security service duration is up to 24 months. Active subscription required. Service availability, features and functionality vary by vehicle, device and the plan you are enrolled in. Terms apply. See [onstar.com](https://onstar.com) for details and limitations.

**POK<sup>1</sup> ONSTAR ADDITIONAL 33 MONTHS OF ONSTAR FLEET SAFETY AND SECURITY.** Provides up to 33 months of Fleet Safety and Security service in addition to the 3 months of complimentary coverage that is included in the price of the eligible vehicle. Total OnStar Fleet Safety and Security service duration is up to 36 months. Active subscription required. Service availability, features and functionality vary by vehicle, device and the plan you are enrolled in. Terms apply. See [onstar.com](https://onstar.com) for details and limitations.

**POL<sup>1</sup> ONSTAR ADDITIONAL 45 MONTHS OF ONSTAR FLEET SAFETY AND SECURITY.** Provides up to 45 months of Fleet Safety and Security service in addition to the 3 months of complimentary coverage that is included in the price of the eligible vehicle. Total OnStar Fleet Safety and Security service duration is up to 48 months. Active subscription required. Service availability, features and functionality vary by vehicle, device and the plan you are enrolled in. Terms apply. See [onstar.com](https://onstar.com) for details and limitations.

**POQ<sup>1</sup> ONSTAR ADDITIONAL 57 MONTHS OF ONSTAR FLEET SAFETY AND SECURITY.** Provides up to 57 months of Fleet Safety and Security service in addition to the 3 months of complimentary coverage that is included in the price of the eligible vehicle. Total OnStar Fleet Safety and Security service duration is up to 60 months. Active subscription required. Service availability, features and functionality vary by vehicle, device and the plan you are enrolled in. Terms apply. See [onstar.com](https://onstar.com) for details and limitations.

**POR<sup>1</sup> ONSTAR ADDITIONAL 9 MONTHS OF ONSTAR FLEET DRIVER REMOTE ACCESS.** Provides up to 9 months of Fleet Driver Remote Access service in addition to the 3 months of complimentary coverage that is included in the price of the eligible vehicle. Total OnStar Fleet Driver Remote Access service duration is up to 12 months. Active subscription required. Service availability, features and functionality vary by vehicle, device and the plan you are enrolled in. Terms apply. Remote Access does not include emergency or security services. See [onstar.com](https://onstar.com) for details and limitations.

**POM<sup>1</sup> ONSTAR ADDITIONAL 21 MONTHS OF ONSTAR FLEET DRIVER REMOTE ACCESS.** Provides up to 21 months of Fleet Driver Remote Access service in addition to the 3 months of complimentary coverage that is included in the price of the eligible vehicle. Total OnStar Fleet Driver Remote Access service duration is up to 24 months. Active subscription required. Service availability, features and functionality vary by vehicle, device and the plan you are enrolled in. Terms apply. Remote Access does not include emergency or security services. See [onstar.com](https://onstar.com) for details and limitations.

**PON<sup>1</sup> ONSTAR ADDITIONAL 33 MONTHS OF ONSTAR FLEET DRIVER REMOTE ACCESS.** Provides up to 33 months of Fleet Driver Remote Access service in addition to the 3 months of complimentary coverage that is included in the price of the eligible vehicle. Total OnStar Fleet Driver Remote Access service duration is up to 36 months. Active subscription required. Service availability, features and functionality vary by vehicle, device and the plan you are enrolled in. Terms apply. Remote Access does not include emergency or security services. See [onstar.com](https://onstar.com) for details and limitations.

**POO<sup>1</sup> ONSTAR ADDITIONAL 45 MONTHS OF ONSTAR FLEET DRIVER REMOTE ACCESS.** Provides up to 45 months of Fleet Driver Remote Access service in addition to the 3 months of complimentary coverage that is included in the price of the eligible vehicle. Total OnStar Fleet Driver Remote Access service duration is up to 48 months. Active subscription required. Service availability, features and functionality vary by vehicle, device and the plan you are enrolled in. Terms apply. Remote Access does not include emergency or security services. See [onstar.com](https://onstar.com) for details and limitations.

**POP<sup>1</sup> ONSTAR ADDITIONAL 57 MONTHS OF ONSTAR FLEET DRIVER REMOTE ACCESS.** Provides up to 57 months of Fleet Driver Remote Access service in addition to the 3 months of complimentary coverage that is included in the price of the eligible vehicle. Total OnStar Fleet Driver Remote Access service duration is up to 60 months. Active subscription required. Service availability, features and functionality vary by vehicle, device and the plan you are enrolled in. Terms apply. Remote Access does not include emergency or security services. See [onstar.com](https://onstar.com) for details and limitations.

**PIR<sup>1</sup> ONSTAR ADDITIONAL 9 MONTHS OF ONSTAR FLEET ASSURANCE.** Provides up to 9 months of Fleet Assurance service in addition to the 3 months of complimentary Safety & Security coverage that is included in the price of the eligible vehicle. Total OnStar Safety & Security service duration is up to 3 months and up to 9 months of OnStar Fleet Assurance. OnStar plan, working electrical system, cell reception and GPS signal required. OnStar links to emergency services. See [OnStar.com/BusinessSolutions](https://OnStar.com/BusinessSolutions) for details and limitations.

**PIS<sup>1</sup> ONSTAR ADDITIONAL 21 MONTHS OF ONSTAR FLEET ASSURANCE.** Provides up to 21 months of Fleet Assurance service in addition to the 3 months of complimentary Safety & Security coverage that is included in the price of the eligible vehicle. Total OnStar Safety & Security service duration is up to 3 months and up to 21 months of OnStar Fleet Assurance. OnStar plan, working electrical system, cell reception and GPS signal required. OnStar links to emergency services. See [OnStar.com/BusinessSolutions](https://OnStar.com/BusinessSolutions) for details and limitations.

**PIT<sup>1</sup> ONSTAR ADDITIONAL 33 MONTHS OF ONSTAR FLEET ASSURANCE.** Provides up to 33 months of Fleet Assurance service in addition to the 3 months of complimentary Safety & Security coverage that is included in the price of the eligible vehicle. Total OnStar Safety & Security service duration is up to 3 months and up to 33 months of OnStar Fleet Assurance. OnStar plan, working electrical system, cell reception and GPS signal required. OnStar links to emergency services. See [OnStar.com/BusinessSolutions](https://OnStar.com/BusinessSolutions) for details and limitations.

**PIU<sup>1</sup> ONSTAR ADDITIONAL 45 MONTHS OF ONSTAR FLEET ASSURANCE.** Provides up to 45 months of Fleet Assurance service in addition to the 3 months of complimentary Safety & Security coverage that is included in the price of the eligible vehicle. Total OnStar Safety & Security service duration is up to 3 months and up to 45 months of OnStar Fleet Assurance. OnStar plan, working electrical system, cell reception and GPS signal required. OnStar links to emergency services. See [OnStar.com/BusinessSolutions](https://OnStar.com/BusinessSolutions) for details and limitations.

**R7Z<sup>1</sup> ONSTAR ADDITIONAL 57 MONTHS OF ONSTAR FLEET ASSURANCE.** Provides up to 57 months of Fleet Assurance service in addition to the 3 months of complimentary Safety & Security coverage that is included in the price of the eligible vehicle. Total OnStar Safety & Security service duration is up to 3 months and up to 57 months of OnStar Fleet Assurance. OnStar plan, working electrical system, cell reception and GPS signal required. OnStar links to emergency services. See [OnStar.com/BusinessSolutions](https://OnStar.com/BusinessSolutions) for details and limitations.

**POV<sup>1</sup> ONSTAR VEHICLE INSIGHTS - 1 YEAR OF SERVICE.** Includes 12 months of OnStar Vehicle Insights service. OnStar Vehicle Insights provides fleet managers and drivers the tools and data they need to help maximize fleet productivity and help maximize fleet's operational efficiencies. OnStar Vehicle Insights relays real-time vehicle data like vehicle location, driver performance information and more. Eligible customers must sign up for an account at [www.onstarvehicleinsights.com](https://www.onstarvehicleinsights.com) in order to take advantage of this 12 months offer. Requires an active connected vehicle services plan. The OnStar Vehicle Insights service is included in the price of the vehicle. Total service duration is 12 months. Non-Transferrable. Non-Refundable.

**POW<sup>1</sup> ONSTAR VEHICLE INSIGHTS - 2 YEARS OF SERVICE.** Includes 24 months of OnStar Vehicle Insights service. OnStar Vehicle Insights provides fleet managers and drivers the tools and data they need to help maximize fleet productivity and help maximize fleet's operational efficiencies. OnStar Vehicle Insights relays real-time vehicle data like vehicle location, driver performance information and more. Eligible customers must sign up for an account at [www.onstarvehicleinsights.com](https://www.onstarvehicleinsights.com) in order to take advantage of this 24 months offer. Requires an active connected vehicle services plan. The OnStar Vehicle Insights service is included in the price of the vehicle. Total service duration is 24 months. Non-Transferrable. Non-Refundable.

1. Requires (UEI) OnStar. Requires one of the following Fleet or Government order types: FLS, FNR, FRC, FBC, FGO or FEF. Not available with a ship-to of Guam, Puerto Rico or the Virgin Islands

## ONSTAR

**POX<sup>1</sup> ONSTAR VEHICLE INSIGHTS - 3 YEARS OF SERVICE.** Includes 36 months of OnStar Vehicle Insights service. OnStar Vehicle Insights provides fleet managers and drivers the tools and data they need to help maximize fleet productivity and help maximize fleet's operational efficiencies. OnStar Vehicle Insights relays real-time vehicle data like vehicle location, driver performance information and more. Eligible customers must sign up for an account at [www.onstarvehicleinsights.com](http://www.onstarvehicleinsights.com) in order to take advantage of this 36 months offer. Requires an active connected vehicle services plan. The OnStar Vehicle Insights service is included in the price of the vehicle. Total service duration is 36 months. Non-Transferrable. Non-Refundable.

**POY<sup>1</sup> ONSTAR VEHICLE INSIGHTS - 4 YEARS OF SERVICE.** Includes 48 months of OnStar Vehicle Insights service. OnStar Vehicle Insights provides fleet managers and drivers the tools and data they need to help maximize fleet productivity and help maximize fleet's operational efficiencies. OnStar Vehicle Insights relays real-time vehicle data like vehicle location, driver performance information and more. Eligible customers must sign up for an account at [www.onstarvehicleinsights.com](http://www.onstarvehicleinsights.com) in order to take advantage of this 48 months offer. Requires an active connected vehicle services plan. The OnStar Vehicle Insights service is included in the price of the vehicle. Total service duration is 48 months. Non-Transferrable. Non-Refundable.

**POZ<sup>1</sup> ONSTAR VEHICLE INSIGHTS - 5 YEARS OF SERVICE.** Includes 60 months of OnStar

Vehicle Insights service. OnStar Vehicle Insights provides fleet managers and drivers the tools and data they need to help maximize fleet productivity and help maximize fleet's operational efficiencies. OnStar Vehicle Insights relays real-time vehicle data like vehicle location, driver performance information and more. Eligible customers must sign up for an account at [www.onstarvehicleinsights.com](http://www.onstarvehicleinsights.com) in order to take advantage of this 60 months offer. Requires an active connected vehicle services plan. The OnStar Vehicle Insights service is included in the price of the vehicle. Total service duration is 60 months. Non-Transferrable. Non-Refundable.

**R8S<sup>2</sup> ONSTAR IN-VEHICLE COACHING - 1 YEAR OF SERVICE.** In-Vehicle Coaching verbally coaches drivers in real time through the vehicle's audio system to help drivers quickly modify their driving behavior and develop better behind-the-wheel habits Terms Apply. Fees, services, and availability subject to change without notice. Applicable taxes not included. Does not include emergency or security services. Diagnostics capabilities vary by vehicle model. Not all issues will deliver alerts. In-Vehicle Coaching features vary by vehicle model and year. See [onstarvehicleinsights.com](http://onstarvehicleinsights.com) for details and limitations. Non-Transferrable. Non-Refundable.

**RFS<sup>2</sup> ONSTAR IN-VEHICLE COACHING - 2 YEARS OF SERVICE.** In-Vehicle Coaching verbally coaches drivers in real time through the vehicle's audio system to help drivers quickly modify their driving behavior and develop better behind-the-wheel habits Terms Apply. Fees, services, and availability subject to change without notice. Applicable taxes not included. Does not include emergency or security services. Diagnostics capabilities vary by vehicle model. Not all issues will deliver alerts. In-Vehicle Coaching features vary by vehicle model and year. See [onstarvehicleinsights.com](http://onstarvehicleinsights.com) for details and limitations. Non-Transferrable. Non-Refundable.

**RFT<sup>2</sup> ONSTAR IN-VEHICLE COACHING - 3 YEARS OF SERVICE.** In-Vehicle Coaching verbally coaches drivers in real time through the vehicle's audio system to help drivers quickly modify their driving behavior and develop better behind-the-wheel habits Terms Apply. Fees, services, and availability subject to change without notice. Applicable taxes not included. Does not include emergency or security services. Diagnostics capabilities vary by vehicle model. Not all issues will deliver alerts. In-Vehicle Coaching features vary by vehicle model and year. See [onstarvehicleinsights.com](http://onstarvehicleinsights.com) for details and limitations.
